

The Municipal Waste Management Association
2002 FALL SUMMIT

The Omni William Penn Hotel

November 20th - 22nd, Pittsburgh, Pennsylvania

Speaker Bio: Kevin P. McCarthy, Director of Electronics Recycling, Waste Management, Recycle America

Mr. McCarthy is the Director of Electronics Recycling for Waste Management Recycle America with overall management responsibilities for eCycling services. Recycle America operates 4 regional processing centers for e-scrap around the country handling over 30 million pounds of material. Recycle America also markets commodities and recovered electronic scrap for other recyclers through service partnerships.

He has 14 years of experience in the solid waste and recycling industry in the areas of permitting and compliance, community relations, and recycling program development. He has worked for Waste Management since 1992. He has started-up a wide variety of recycling operations including: green waste and wood waste processing, tire recycling and crumb rubber production, C&D processing, and an nationally recognized environmental education center.

He has spoken at a number of regional and national conferences including Biocycle, several state recycling conferences, Investment Recovery Association, MWMA, National Recycling Congress, U.S. EPA's National Market Development Roundtable, and Waste Expo. He has also a stakeholder in the National Electronic Product Stewardship Initiative (NEPSI).

Mr. McCarthy has a Bachelor of Science Degree in Environmental Policy Analysis and Planning from UC Davis.
