KEY INFORMATION FOR ATTENDEES

Participation

Unless otherwise noted, all plenary sessions, committee meetings, task force meetings, forums and social events are open to all mayors and other officially-registered attendees. Official functions and conference services are located in the Marriott Copley Place, unless otherwise noted. (Please refer to your program for specific locations.)

Mobile App

Download the official mobile app to view the agenda, proposed resolutions, attending mayors and more. You can find it at usmayors.org/app. Available on the App Store and Google Play.

Resolution and Committee Deadline

The deadline for submission of proposed resolutions by member mayors was May 8 at 5:00 pm EDT. This was the same deadline for standing committee membership changes. Members could submit resolutions and update committee memberships through our USCM Community web site at community.usmayors.org.

Voting

Only member mayors of a standing committee are eligible to vote on resolutions before that standing committee. Mayors who wish to record a no vote in a standing committee or the business session should do so within the mobile app.

Business Session Voting Credentials

Voting Credentials will be available for the Monday Business Session Vote at the Conference Registration Desk, beginning at 7:00 a.m. on Sunday, June 10.

It will be necessary for all Official Delegates who wish to vote to have these credentials in their possession. There is but one credential for each member city. If the Mayor of a member city is registered, the credential will be issued to him or her. If the Mayor is not registered and has not been in attendance at the Annual Conference, a registered official from their city must have been designated, in advance, in writing, to be the Official Delegate to receive the city's credentials.

If a registered Member Mayor anticipates that they will not be present at the Business Session, they may designate an alternate, who must be a registered official from their city, to pick up the city's voting credential and exercise the city's vote on Sunday morning. Such an alternate, however, cannot have the floor to speak to any issue under discussion.

The appropriate form for designating an alternate may be filled out at the Registration Desk from 7:00 a.m. to 11:00 a.m. on Sunday, June 10 and prior to the Business Session on Monday, June 11.

Media Coverage

Unless otherwise noted, plenary sessions, committee meetings, task force meetings and forums are all open to press registrants. All social/evening events are CLOSED to press registrants wishing to cover the meeting for their news agency.

All plenary sessions are streamed live on our Facebook page at facebook.com/usmayors and on our YouTube channel at youtube.com/usmayors.

The hashtag for the meeting is #uscm2018.

Working Press Registration

All press must register to gain access to Annual Meeting events at the registration desk located in the 3rd Floor Atrium Lounge. Press room facilities are provided for accredited news media representatives covering the Annual Meeting. Press credentials may be picked up beginning at 8:00 a.m. on Friday, June 8. To register, please see [here](#).

Charging Stations

Signify, formerly known as Philips Lighting, is pleased to provide charging stations for electronic devices during the 86th Annual Meeting in Boston. The charging stations are located in the Signify Lounge on the 4th Floor of the Marriott Copley Place Hotel.

Registration/Host City Hospitality

The Conference Registration Desk and Host City Hospitality are located in the 3rd Floor Atrium Lounge. The Registration Desk hours are:

- Thursday, June 7: 1:00 p.m. to 7:00 p.m.
- Friday, June 8: 7:00 a.m. to 5:00 p.m.
- Saturday, June 9: 7:00 a.m. to 5:00 p.m.
- Sunday, June 10: 7:00 a.m. to 5:00 p.m.
- Monday, June 11: 7:00 a.m. to 11:00 a.m.

Social Media Filming

During the 86th Annual Meeting, mayors are invited to take part in and film short social media clips, sharing their thoughts on how mayoral leadership is making a difference on the key priority issues we are working on in Washington. If you'd like to schedule a time to film your video, please visit the @USMAYORS Space or contact David Burns at dburns@usmayors.org. Videos are being filmed in Salon K from Friday, June 8 through Sunday, June 10 during meeting hours.

Press Opportunities with Strauss Media

We are pleased to once again welcome our radio booking partner, Strauss Media Strategies. This year, the Strauss team will be working for the duration of the Meeting out of Salon J from the hours of 6:30 a.m. – 5:30 p.m. ET. If you are interested in being booked on your local radio stations back home to convey the work you're doing as mayors and to promote all that you're learning at the conference to make your cities stronger, please email them at uscm@straussmedia.com or feel free to stop by Salon J while they are there and let them know of your interest.

Additionally, on Monday, June 11, Strauss Media will provide television booking services via satellite in Salon K. These TV interviews will be booked between 6:00 a.m. - 1:00 p.m. ET. If you wish to participate and be pitched to your local television morning news programs (ABC, NBC, CBS and FOX affiliates) with live and/or taped interviews, please contact the Strauss team at uscm@straussmedia.com.

Spouses and Guest Activities

Spouses and youth are welcome to attend all Conference evening social functions. Also, a special Family Program is available. Please register early at the [Host City Website](#).

BOSTON INNOVATES! City Solutions to Go

9:00 a.m. - 4:00 p.m.

Regis Room, 3rd Floor

Boston Innovates! City Solutions to Go is an opportunity for Mayors and their staff to learn first-hand about some of Boston's programs and initiatives as well as meet with non-profit partners who are engaged in amazing work on key issues.

Talk with City of Boston Staff leading the following initiatives:

Youth Lead the Change: Boston's Youth Participatory Budget initiative empowers young people to determine how \$1 million is spent annually.

Neighborhood Slow Streets Program: Traffic calming measures for safe streets.

Mayor's Office of Immigrant Advancement: Hear about Project Citizenship and ways that Boston's team is helping its immigrant population navigate in turbulent times.

Boston's Economic Mobility Lab: Learn about strategies being deployed to combat Boston's wealth gap.

Mayor's Office of Recovery Services: Talk with the staff who are leading the City's efforts to address addiction and recovery through a dedicated municipal office overseeing interdepartmental strategies.

Mayor's Office of Women's Advancement: Learn how Boston is closing the wage gender gap. And More!

Talk with Our Non-Profit Partners including:

March for Our Lives/Moms Demand Action: Learn how Boston mothers have mobilized to reduce gun violence.

Massachusetts Housing and Shelter Alliance: Talk with staff about strategies to educate, advocate, and innovate around permanent housing with supportive services.

Mothers for Justice and Equality: Hear how Mothers for Justice plans to end youth violence in Boston neighborhoods by empowering mothers and youth to become effective catalysts for change.

Project Bread: Hear how Project Bread is taking a fresh approach to ending hunger through innovative solutions, including community-based meal programs, early childhood and school nutrition initiatives, and improved access to farm-to-table resources.

RIZE Massachusetts: Learn how RIZE seeks to engage civic, corporate, and community leaders to help stop the epidemic of opioid addiction through a \$50M funders collaborative.

Year Up: Talk with Year Up staff about how they bridge the Opportunity Divide for young adults through their one-year, intensive training program that provides hands-on skills development, college credit coursework, corporate internships, and wraparound support.

Mass Mentoring Partnership: Hear how Mass Mentoring is empowering youth-adult relationships to meet the needs of communities across Massachusetts by serving youth development programs statewide and supporting 33,000 youth in mentoring relationships.

The Third Education Revolution

1:45 p.m. - 2:45 p.m.

Dartmouth and Exeter Rooms, 3rd Floor

It's not often that a community college is mentioned in the same breath as an Ivy League campus, nor is a two-year college seen as a training ground for jobs in the so-called creative economy, but in innovative cities across the country, these institutions are partnering with mayors and employers, overhauling their approach and changing the workforce development game. Come learn more about the third education revolution that is driving the job-training programs of the future.

The City as a Classroom: The 5th Quarter of Learning/Franklin Park Zoo

2:45 p.m. - 4:30 p.m.

Under the leadership of Mayor Martin J. Walsh, Boston has made summer learning a citywide priority. Building on a strong research base, Mayor Walsh set a goal in 2015 to engage 100 summer programs and 10,000 students in a data-driven, skills-focused network focused on continuous improvement. In collaboration with Boston After School & Beyond, Boston shattered the goal a year early. By drawing on partnerships with a large variety of organizations—from the Harbor islands and natural preservations to college campuses and workplaces and neighborhood programs and schools—Boston is making the entire city a classroom for students.

In 2018, the Boston Public Schools will allocate over \$2.5 million in summer school funding to this new evidence-based model, now called the 5th Quarter of Learning. This approach is funded through a competitive RFP process, the criteria for which are modeled on national research by RAND, which included Boston and four other cities. The City and Boston After School & Beyond are engaging this dynamic network in innovations, including digital badging in order to (1) help programs focus on the skills necessary for school, college, career, and life success and (2) equip students with a credential for learning beyond school.

24-hour Mayor? Making the Evening Safe and Vibrant

11:30 a.m. - 12:30 p.m.

Berkeley & Clarendon Rooms, 3rd Floor

Cities large and small work around the clock serving citizens and visitors alike. As a mayor, you have to keep streets safe 24-7 and also provide a backdrop for vibrant neighborhoods and special events. Smart city technologies can serve you to enhance the management of city infrastructure around the clock to better facilitate these outcomes. Panelists will describe how they're enhancing pedestrian safety in crosswalks after dark when there is a disproportionate accident rate. They will also talk about how they're investing in the public realm and citizen engagement apps to engender vibrant commercial districts with positive street life. Finally, the panelists will also consider how new technologies can serve both to provide policy input, remediation, and then monitoring the success of different strategies.

HOST CITY WORKSHOPS

The City of Boston and local partners will host a series of policy workshops. These workshops will provide deep dives into some of the most important challenges facing America's cities and showcase how the City of Boston is working to address them. Check out what we're offering and make sure to [RSVP](#).

Autonomous Vehicles: The City-Centered Approach

2:30 p.m. - 5:30 p.m.

Mobile Workshop

Come hear how Boston is collaborating with leading autonomous vehicle companies, start-ups, state government, and international organizations to bring shared autonomous vehicles to some of the oldest streets in the nation. Explore our two years of learnings on mobility's role in the fourth industrial revolution with the World Economic Forum and Boston Consulting Group. Hear from experts in autonomous vehicle software development at nuTonomy, tour their space, and see a demo of their vehicles. Discuss the role of cities in shaping this future of mobility, understand the impact of this technology on an aging population and learn how Boston put together a city-led testing program.

MONDAY, JUNE 11

Making Boston an affordable place to live for all incomes is a priority for the Walsh Administration. Mayor Walsh has invested in several programs designed to stabilize neighborhoods, preserve existing deed-restricted affordable housing, and create more affordable market-rate housing opportunities for households at all income levels. The Mayor's Housing Innovation Lab, a nimble policy center, is a leading part of this effort. The i-Lab tests ways to design, develop and fund housing differently in Boston. Come learn about the i-Lab's collaborative, people-centered approach and explore the real solutions it has championed. During this program, you will hear directly from a panel of i-Lab partners inside and outside City Hall and participate in a workshop designed to help you use this approach in your city.

In the second half of the workshop, you will work in small groups to identify how your City can design, fund and develop differently to make housing more affordable. You will brainstorm ways to explore these ideas with residents and partners and develop experiments to test these ideas. Learn about ADUs, Housing with Public Assets, Compact Living and Intergenerational Homeshare.

Operation Exit: Second Chances Through Apprenticeships and More

2:30 p.m. - 4:30 p.m.

Boston Public Library – 3 Minute Walk from Marriott

Operation Exit is a flagship initiative introduced by Mayor Walsh and designed as an intensive training program to prepare participants for entry into an apprenticeship in the building trades.

Operation Exit specifically and intentionally targets and receives referrals of those identified by law enforcement, City of Boston streetworkers, and Boston's web of social service providers as the most active and engaged in driving the violence in neighborhoods. Through Career Readiness and Occupational Skills Training, encompassing classroom, peer-to-peer mentorship and hands-on learning experiences, Operation Exit provides the knowledge and skills required for participants upon successful graduation to receive guaranteed placement into a state-registered Building Trades apprenticeship program. Over three-quarters of participants are currently placed in full-time employment at the end of the program and after two years, 98% remain crime-free.
