Mobile Resilience Hub

Emergency Deployment Capabilities

Post-Storm Support

Deployed to communities affected by power outages to provide essential services during recovery.

Off-Grid Power

Equipped with solar power enabling residents to charge phones, power small devices, and access refrigeration for essentials.

Community Resources

Provides Wi-Fi, air-conditioning, water, and food storage to meet urgent needs after disasters.

- **The Resilience, Education, and Advocacy Center for Hazard Preparedness (REACH Hub) and Community Events**

City of Orlando and UCF Collaboration

Electronic and food resources inside the resilience hub

Charging equipment in the resilience hub

Food supplies inside the resilience hub
